Workshops

Updated Online:

<https://www.cedarvalleymakers.org/events>

CVM has created a series of beginner classes that will introduce participants to the world of making things. The classes are scheduled for small groups by demand.

To find out more, or to schedule a class.
e-mail: info@cedarvalleymakers.org

Laser and Digital Design Workshop

Learn about the laser cutter and the the basics of how to make a custom digital design as you work towards making your first laser creation.

1.5 - 2 hrs All members

Making 101

Great for small groups of kids(ages 9 and up). We tour the space, demonstrate digital equipment, explore maker projects, and work a hands on project.

1 hrs + All members

Multi-Colored Cricut Creations

We will explore digital art and the Cricut while creating a CVM bumper sticker. Once complete, you will have all of the knowledge and skill to start making your own

1 hrs + All members

Get 3D Printing

Learn the basics of 3D printing:

- Types of printers and filaments
- Design software
- Slicing/ Making a Print

1.5 - 2 hrs All members

Make a Coin Ring

Turn a Quarter into a Coin Ring. Other coins will work as well, including a Silver half dollar but you will want to practice first.

1.5 - 2 hrs All members

Cutting Board

Get a walk through of the wood working equipment, as you make your first cutting board, or other simple project.

1.5 - 2 hrs CVM Member

Intro CNC

Get a walk through of the wood working equipment, as you make your first cutting board, or other simple project.

1.5 - 2 hrs CVM Member

CVM Member support evening or by appointment.

What is CVM?

The Cedar Valley Makerspace is a community workshop, where everyone can access and learn a diverse selection of tools for making. Our resources run the gambit from 3d-printing, laser, CNC and other digital fabrication, to wood-working, machining and welding.

Anyone can be creative. We have a community of members that share their knowledge and creative processes, making it easier for beginners, and experts to build new skills.

We offer free community memberships, and a beginner workshop series that introduces new makers to a world of possibilities.

Visit: We love to show off the Makerspace. Contact us to schedule a time that works best for you or your group.
