 4. Your membership supports the [Mission](#).
3. Member inspiration. No charge!
 2. Communities that make things, thrive.
 1. Freaking Fantastic!!

Support Night

[Check the Events Page](#)

Come to our recurring series on Tuesdays and Thursdays 7 - 9. Subscription members, and community members are welcome. Please sign-up on the events page so we are able to plan resources for the evening.

Community members are limited to level one digital design, equipment, and process, while subscription members can request support to learn anything in the shop. **What do you want to make?**

e-mail info@cedarvalleymakers.org

Support Cedar Valley Makers

It is amazing what a bunch of dedicated volunteers can do, but we only scratch the surface of CVM's potential. With your support we can do much more:

- Become a paying maker space member with a recurring monthly membership of \$40.00 and get full access to the shop and tools 24/7.
- Sign up for a community membership and volunteer to mentor, or help with workshops and events.
- If you have less time than money, consider becoming a friend of CVM with a tax deductible donation. Our goal is to have 150 friends willing to give us a small recurring donation. If that is you, support us through the [Community Foundation of North East Iowa...](#)

Project of the Month

Tie Die

This month's featured project is on the softer side. Carol Tjaden and her son Josh were able to spread out, use the shop sink and supplies, making a tie die project fun.

Tool of the Month

Pictured above: MODEL G0733 18" X 47" WOOD LATHE

Turn a top, a pen, a bowl, a candle stick or just try to make a hardwood dowel. Find your zen in the art of turning. Our first of the wood working tools added to [member resources](#), you will find the manual online as well as a safety video and a beginner video series to get you started. e-mail: info@cedarvalleymakers.org for assistance.

Subscription Members. Thank You!! Come in Tuesdays and Thursdays evenings 7:00 - 9:00 for project and equipment support, or other times by appointment. Design tips and tricks. How to set-up and cut your first job on the CNC router or plasma cutter, and more. Please let us know you are coming on slack, or by e-mailing info@cedarvalleymakers.org.

Space has been Organized and cleaned:

Volunteers have been busy cleaning and organizing materials. You will find electronics, soldering stations, the Cricut, and sewing in the lab along with organized and labeled parts and materials through out the makerspace.

Don't forget to leave the space better than you found it.

Thanks

[The Board of Directors](#)

Our Mission: To promote collaborative learning, creative design, and manufacturing for people of all ages and skill levels. We provide education by giving access to tools, machines and training inside our makerspace and by promoting and planning educational events that can forward scientific thinking, learning and entrepreneurial spirit for all members of our community.
